

Instructions to watch/participate in Online Services and Events

We will be using the wonderful, easy-to-use interactive video meeting software from Zoom.us for our service (and other meetings going forward). This will allow you to join us from your PC or Mac computer with a webcam and microphone, and also from your iPhone or Android mobile devices.

The Sandwich Road Menu will contain a Link to the event.

To view an event do the following at least 15 minutes before the first event you watch:

1. From a web browser go to zoom.us/download.
2. Click Download.

3. Once downloaded, open the file, and follow the install instructions.

At the Time of an Event

1. Open the Sandwich Road Menu.
2. Click on the included Link.
